

CHRYSO® EasyDrain R10

Enhancer agent for pervious concrete

DESCRIPTION

CHRYSO® EasyDrain R10 lubricates concrete and improves significantly the ease of placing: the required water quantity is optimised.

CHRYSO® EasyDrain R10 allows for a progressive and homogeneous hydration of the concrete: curing and hydration of binder are improved.

CHRYSO® EasyDrain R10 allows for an homogeneous concrete and therefore reduces risks of cracking and aggregates ravelling.

CHRYSO® EasyDrain R10 enhancer must be used in combination with stabiliser CHRYSO® EasyDrain S20.

FIELDS OF APPLICATION

- Pervious concrete

INDICATIVE INFORMATION

Product Nature	powder
Color	White
Lifetime	24 months
Specific gravity (20°C) in kg/dm³	0,550 ± 0,150

METHOD OF USE

CHRYSO® EasyDrain R10 is packed in ready to use hydrosoluble doses.

CHRYSO® EasyDrain R10 must be added to the conveyor belt of in the aggregates skip.

CHRYSO® EasyDrain R10 enhancer must be used in combination with stabiliser CHRYSO® EasyDrain S20. (Further information available in CHRYSO® EasyDrain S20 TDS)

In case of transportation times below 20 minutes, it is recommended to mix concrete at high speed in the truck for 5 minutes, either at the ready mix plant, or directly on site before starting concrete placement.

Dosage :

One dose of 140g per m³ of concrete

PRECAUTIONS

- Avoid prolonged exposure to high temperatures.
- Protect from humidity.

SECURITY

Before use, see MSDS.

The information contained in this technical data sheet is given to the best of our knowledge and the result from extensive testing - which were conducted in order to remain as objective as possible. However, it cannot, in any case, be considered as a warranty involving our liability in case of misuse or any different use of our products, other than those from the "Application" paragraph of this technical data sheet. Some application tests should be carried out before using the product to ensure that the methods of use and conditions of application of the product are satisfactory. Our technical assistance is at the disposal of the users. Please enquire for the most recent version of the technical data sheet, available on www.chryso.fr
